### **Now Available in EMEAI, a Portable Field Roll Groover from Victaulic**

**EASTON, Pa. – January 17, 2017** – The Victaulic [VE206 Portable Field Roll Groover](#) is now available in the EMEAI region. This lightweight, portable roll grooving tool is compatible with multiple power drive units and is specifically designed for job-site pipe end preparation ranging from DN32 to DN150 | 1 ¼" to 6".

The VE206 is a self-contained unit that is rugged, durable and built to withstand heavy use in the field. It features a versatile, modular tool-head design that can be securely mounted to a tripod stand (shipped with tool for easy setup) or flat bed of a roust-a-bout truck in the field. Additional grooving roll sets are available, allowing users to roll groove carbon steel, copper, stainless steel and light wall stainless steel pipe on site.

#### **About Victaulic**

Since 1919, Victaulic's pipe joining and flow control solutions have optimized construction productivity and reduced risk, ensuring projects are completed safely, on time and within budget. Driven by a spirit of continuous innovation, Victaulic's portfolio of 100,000+ products and patented technologies promote freedom of design, as well as simplified inspection and maintenance for the life of any system.

With more than 3,500 employees and 40 international facilities, Victaulic helps customers in over 120 countries succeed in the global construction industry. From the tallest buildings to the deepest mines, customers trust our products to increase overall system durability in the most demanding construction projects and operating conditions.
